Facilities to old Haj pilgrims

All authorities concerned with Haj management provide special attention to old and disabled pilgrims in India and Saudi Arabia from the time of their embarkation for Haj to their return to india. At the various disembarkation points in India, the State Haj Committees depute volunteers who take special care of old and disabled pilgrims and assist them in the completion of their formalities and their movement to the aircraft. Medical facilities are also available, if required. In the aircraft, the crew makes special arrangements for their boarding and seating.

At the Haj Terminal in Saudi Arabia, both at the arrival and departure of pilgrims, the Indian Consulate arranges for wheel chairs for pilgrims requiring assistance, and facilitates the completion of their immigration and customs formalities.

In Makkah, while allotting accommodation to old and disabled pilgrims, it is ensured that they are given accommodation units on the ground and first floors along with all their family members who had applied for Haj in the same cover. The Building Supervisors pay special attention to their welfare, while mobile medical teams pay regular visit to them. Pilgrims who are blind or have impaired vision have an Assistant attached to them on a full-time basis.

For their journeys to Mina and Arafat particularly old and infirm pilgrims are transported in ambulances.
